## **Low King Tide Discovery Experiences December 10, 14, 15**

Nature Collective Hosts Virtual Connections + Tidepool Ambassador Experiences at Swami's Beach

**ENCINITAS** — Experience December's king tide events—at the lowest tide! Not only do naturally occurring king tides bring extreme high-water levels, we also get very low tides. About 7 hours after the peak high tide, beach goers can get a closer look at critters in this amazing part of our coast that is typically hidden underwater. Experience the wonders of tidepools and learn how to become a Nature Collective Tidepool Ambassador.
